Dear Dr. Kafer:

Enclosed, the first announcement that went out around the first of December and a copy of "Call for Contributions for NN #27". Do hope these reach you safely.

Your note plus the material arrived today and will turn them over to Bill the next time he comes in the lab. He usually comes in for a few hours during the week. He looks much better and hopefully will be back full time before much longer. Thanks so much for your help we have been grateful for the way people have helped out at this time.

We (FGSC) sincerely hope you have a beautiful and prosperous year, and look forward to seeing you in March at Asilomar.

Sincerely,

(Mrs.) Ruth Rimbey
