Dr. W.N. Ogata, Curator
Fungal Genetic Stock Center
Humboldt State University Foundation
Arcata, California 95521

Dear Dr. Ogata:

Dr. Scott instructed me to prepare additional silica-gel cultures for shipment to you; I hope these are properly packed.

If there are additional problems or questions, please call; third time's a charm.

Thank you,

A handwritten signature in blue ink that reads 'Mary Ann Maley'.
