Dear Fungal Genetics Stock Center,

Berl Oakley brought to your center 18 *A. nidulans* strains on 2/18/10. Please find enclosed 18 deposit forms for those 18 strains. These strains were used for experiments published in our paper in *Applied Environ. Microbiol.* 2010 Feb. 5 (Epub ahead of print). I have also enclosed a copy of Table 1 from that paper, in case it could be of help for you. The strains numbers that we sent to you are highlighted in yellow.

Please let me know if you have any questions about this. You can email me at [raentw@ku.edu](mailto:raentw@ku.edu).

Thank you for all your time and help.

Sincerely,

Ruth A. Entwistle
