

Dr. Edward G. Barry

January 27, 1981

page - 2

Hope Bruce is doing better than we. Please extend our best to him. Our regards to the rest of the "Neurospora crew" too.

Trust this note finds you well. Are you planning to spend your summer at comfortable Stanford again? If so, I hope to see you at Stanford as I leave here for Brno, Czechoslovakia in July.

If we can be of further assistance, please do not hesitate to write or call.

Cheers!

William N. Ogata
curator - FGSC
