

(eq) J.N. Rao (Blabba Atomic Res. Cent.) 2/2/79
(eq) H. Warner (U of Minn.) 8/19/80
(eq) S. Stadler (U. Wash) 10/6/80
(eq) H. Garriga (St Louis U Med Cent) 4/21/82
(eq) A. Nemirovsky (SONY) 1/26/84

Faculty of Neurosciences College
Fungal Genetics Research Center, Dept. of Biology
Department of Plant Genetics, New Hampshire, U.S.A.

copy a list of active strains used

Strain	Source	Characteristics
UV-810	Choo et al. 1978 Mt. Den. S. Aust. 810-801	Complex genetic background, parental characteristics
UV-200	UV-810	Complex genetic background, parental characteristics
UV-201	UV-810	Complex genetic background, parental characteristics
UV-202	UV-810	Complex genetic background, parental characteristics
UV-203	UV-810	Complex genetic background, parental characteristics
UV-204	UV-810	Complex genetic background, parental characteristics
UV-205	UV-810	Complex genetic background, parental characteristics
UV-206	UV-810	Complex genetic background, parental characteristics
UV-207	UV-810	Complex genetic background, parental characteristics
UV-208	UV-810	Complex genetic background, parental characteristics
UV-209	UV-810	Complex genetic background, parental characteristics
UV-210	UV-810	Complex genetic background, parental characteristics
UV-211	UV-810	Complex genetic background, parental characteristics
UV-212	UV-810	Complex genetic background, parental characteristics
UV-213	UV-810	Complex genetic background, parental characteristics
UV-214	UV-810	Complex genetic background, parental characteristics
UV-215	UV-810	Complex genetic background, parental characteristics
UV-216	UV-810	Complex genetic background, parental characteristics
UV-217	UV-810	Complex genetic background, parental characteristics
UV-218	UV-810	Complex genetic background, parental characteristics
UV-219	UV-810	Complex genetic background, parental characteristics
UV-220	UV-810	Complex genetic background, parental characteristics
UV-221	UV-810	Complex genetic background, parental characteristics
UV-222	UV-810	Complex genetic background, parental characteristics
UV-223	UV-810	Complex genetic background, parental characteristics
UV-224	UV-810	Complex genetic background, parental characteristics
UV-225	UV-810	Complex genetic background, parental characteristics
UV-226	UV-810	Complex genetic background, parental characteristics
UV-227	UV-810	Complex genetic background, parental characteristics
UV-228	UV-810	Complex genetic background, parental characteristics
UV-229	UV-810	Complex genetic background, parental characteristics
UV-230	UV-810	Complex genetic background, parental characteristics
