

S.G

11/23/81

2616

grew <sup>well</sup> on complete med.  
+ glycerol

11/30/81

or 12/1/81

transferred small samples to

1- Complete media - grew ok

2- min + meth - grew but  
not as well as on complete

3- min + cysteine grew  
but ~~less~~ also very, poorly

4- min only - ~~No growth~~  
very, very little growth  
after prolonged time

8/31/84 - silica gel germinated  
slowly on complete
