Dr. David D. Perkins
Department of Biological Sciences
Stanford University
Stanford, California 94305

Dear Dr. Perkins:

Our Culture Collection maintains a collection of bacteria, yeasts, and molds, but we do not issue a list or catalog of our cultures. We are happy to send cultures upon request. The usual procedure is to send the name of the organism and, if possible, the particular strain designation(s) you wish to secure. If it is available, we shall send it to you. There is no charge for cultures obtained from the ARS Culture Collection.

Sincerely,

A handwritten signature in cursive script, reading "T. G. Pridham", followed by a long horizontal line.

T. G. Pridham
