

Letter to Raju 11/17/93

7511 - a few scattered shot ascospores

7512 - a few scattered shot ascospores

7513 - lots of black ascospores in cross x 2220

7514 - moderate nos of ascospores

7515 -

7516 -

7517 - a few scattered black spores shot

7518 - scattered black spores shot

7519 - quite a few spores shot) beaks look normal - only a few asci per perithecium
Some dark spores, some 8 dark spored asci

7520

7521 - some black spores in fully developed asci (?)

7522 - mostly undeveloped asci, some abortive spores, some black spores

7523 -

7524

7525 -

7526

7527 -

7528 - beaks, plenty of black spores shot

7529 - beaks? no spores shot? - Some asci with 2 or 4 black spores
Some enlarged ascospores none all black

7530 -
