Dear Dr. Kevin McCluskey,

Enclosed please find a culture of *Neurospora Sp.* isolated from PRESSMUD dump of Sugar Industry in our state (KCP Sugar & Industrial Corporation Ltd). I request you to kindly deposit the same and name this for the present as KCP or as per your nomenclature and do the needful for identification. I will mail you the power point presentation of the above site of isolation soon. I will be attending the 22<sup>nd</sup> FGC and hope to see you there. With regards.
