Here are the *aod* mutant strains

7207: *aod-1*, *pan*, *A*

9936

(we think this is *pan-2*, but are not sure. We originally got the strain from H. Bertrand and this was unclear)

7064: *aod-2*, ~~*nic-1*~~, *al-2*, *a*

9937

- The strain numbers are the ones from the Bertrand lab.
