

Look What's Up!

FAA AVIATION EDUCATION RESOURCE CENTER

We're your one-stop source for aerospace related materials from:

The Federal Aviation Administration
NASA
Civil Air Patrol
the aerospace industry
.....and many more!

Think of us when you need information about aircraft and spacecraft, rockets and kites, balloons and blimps, or stories about people and the places they fly to.

Write or call today for lesson plans for grades K-12, posters, games & puzzles, career information, directories, and learning packages.

We have FAA videos and Apple disks which we can copy for you at no charge when you provide the blank tape or disk. We can also photocopy items on aircraft, astronomy, aviation, biography, careers, curriculum, film/video sources, museums/field trips, aviation related resources, science/technology, shuttle, space, space station/skylab, space camps and more!

We're an officially designated FAA Aviation Education Resource Center, and we're here to serve you.

Come for a personal visit, call (913)-825-0275 ext. #460
or write:

Aviation Education Resource Center
Kansas College of Technology
2408 Scanlan Avenue
Salina, KS 67401

All of our materials are available to you at no charge-
so why not give us a try?
